

## Line Rental

CloudSecure has now added Line Rental to its extensive portfolio of products and services.

The lines continue to be maintained by BT Openreach, but all service issues are handled by CloudSecure on behalf of the customer.

### Your benefits...

Once you get CloudSecure to look after your lines, we become the single point of contact for all of your telephony. In addition to offering significant discounts when compared to other providers, CloudSecure will respond fast and efficiently to your enquiries and manage all fault resolution for the end user. Customers receive a single bill for their telecoms each month, reducing bureaucracy and increasing the efficiency of their businesses.

### What we can do for you...

CloudSecure delivers your data, network, software and communications as managed services. Our hosted solutions in Security, Business Continuity, Voice, Messaging and Collaboration enable companies of all sizes to streamline business processes, excel in productivity and reduce operational costs.

Most importantly, our managed services give you the option to have the entirety or part of your IT taken care of, leaving you to concentrate on what is vital to your business - your customers.
