Reduce your printing and copy costs by up to 30% take advantage of our Free Print Audit

Driving costs down and increasing productivity are key business drivers in todays business climate.

Most Organisations

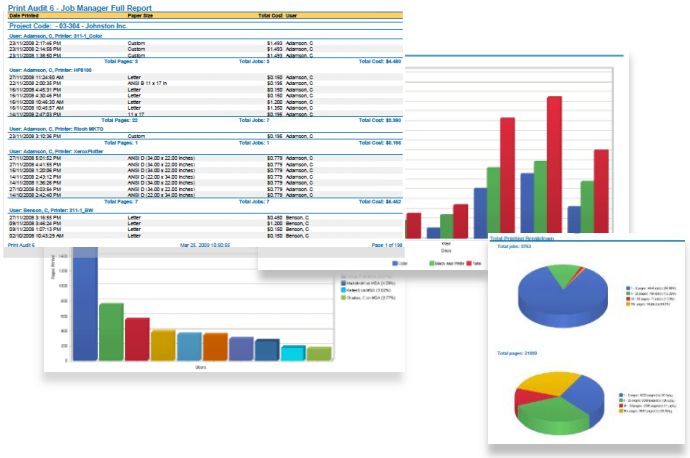
- Find it difficult to **control** printing costs.
- **Underestimate** the cost of printing by over 50%.
- **Spend 3%** of revenues on print related costs (Gartner).
- **Generate** 1584 pages per month per average office worker (Envirowise).
- **Throw away 17%** of printing (Lexmark).
- Printing is typically the 3rd highest expense behind payroll and premises.

Cost Saving Print Strategy

Carrying out a print audit will produce key reports enabling us to work closely with you to define a print strategy aimed at reducing your costs and improving productivity.

Key Reports:

- Executive Summary
- Top 10 Printers by Cost & Volume
- Total Printing Breakdown
- Top 10 Users by Cost & Volume
- Average Pages per Hour
- User Averages
- Printer Averages



Active management of printing can reduce printing & paper costs by 30% i.e. 1% of revenue (Gartner)
